CONNECTICUT	Bridgeport Hospital	Bridgeport								
CONNECTICUT	Stamford Hospital/Columbia University	Stamford								
CONNECTICUT	St. Francis Hospital	Hartford			0	0	0	0		17-'18 Season: Assistant PD was supportive, but currently no NFP residents 17-'18 Season: Technically 'Catholic' program which prescribes birth control in their clinic. PD however said that they are supportive of NFP-only residents. PD said during presentation that he feels that we should go to outside rotation to counsel for terminations but we can opt out if we chose. At least one resident expressed dissatisfaction with the restrictions in family planning services because the hospital was Catholic. 2015: Catholic hospital with a big orthodox jewish presence. A lot of the patients are very conservative so the PD understood my beliefs. He was willing to work with me and even encouraged research in the area of NFP.
CONNECTICUT	U of Connecticut	Farmington								
CONNECTICUT	Yale New Haven MC	New Haven								
DC	Washington Hospital Center (Georgetown)	Washington	0	0	0					2015: no longer Georgetown, this program now serves an amalgamation of three hospitals and lays emphasis on ACOG's way of doing this, including prescription of contraception. An NFP-only interviewee was told by then-current residents on interview day that not prescribing contraceptives "would not work." Culture seemed to confirm this. No info from PD.
DC	Howard University	Washington								
DC	George Washington University	Washington								
DELAWARE	Christiana Care Health System	New Castle								
FLORIDA	U of Florida - Jacksonville	Jacksonville								
FLORIDA	U of Florida	Gainesville								
FLORIDA	U of Florida - Pensacola	Pensacola								2016: For my interview, I really liked how the hospital itself has to follow the ERDs. The family planning clinic is separated from the regular clinic which would really work for NFP only residents! 2015: Catholic hospital that follows ERDs. Would be supportive.
FLORIDA	Orlando Health Program	Orlando								
FLORIDA	Jackson Memorial Hospital/Uof Miami	Miami								
FLORIDA	U of South Florida	Tampa								
FLORIDA	Bayfront Health St Petersburg Program	St. Petersburg								
FLORIDA	U of Central Florida - Gainesville	Gainesville								
FLORIDA	University of Central FL - Osceola	Kissimmee								
GEORGIA	Medical Center of Central Georgia/Mercer University	Macon								17-'18 Season: PD asked a lot of curious, respectful questions regarding specifics and logistics, but she was unsure how it would work. I got the impression it was not a good fit.
GEORGIA	Morehouse School of Medicine	Atlanta								
GEORGIA	Emory University	Atlanta								
GEORGIA	Medical College of Georgia	Augusta								
GEORGIA	Memorial Health-University/Mercer University	Savannah			0	0	0	0		17-'18 Season: PD stated that he would have no problem with NFP-only resident (unsure if this is a genuine answer or a legal-protection answer). However, there are no other NFP-only residents, and 11 of the 16 residents do elective abortions
GEORGIA	WellStar Kennestone Regional Medical Center	Marietta								
HAWAII	University of Hawaii	Honolulu								
HAWAII	Tripler Army Medical Center	Honolulu								
ILLINOIS	U of Illinois at Peoria	Peoria		1	0	1	0	0	0	17-'18 Season: Napro is mentioned on the residency website, as you get to train with Dr Stalling! However, the PD is not wild about the idea of NFP-only residents. Still, there is a current NFP-only PGY3 who loves the program, and Dr Naomi Whittaker graduated here and loved the program also. Dr Whittaker is very open to talking to anyone interested in OBGYN, so feel free to contact her! (If you need her contact info, contact website administrators!) 2018: Very Catholic hospital that follows strict ERDs. You are under no pressure at all practicing as a faithful Catholic. Our main resident clinic does not prescribe any contraception.

MICHIGAN	Hurley Medical Center/MSU	Flint									
MICHIGAN	Sparrow Hospital/MSU	Lansing								17-'18 Season: PD seemed very willing to accommodate, asked if I would place an IUD for non contraceptive purposes'	
MICHIGAN	Henry Ford Macomb Hospital	Clinton Township									
MICHIGAN	Wayne State	Detroit								17-'18 Season: PD seemed very open to NFP-only resident, stated resident could go to didactics instead of FP (family planning / abortion) elective, but the residents told me that you still have to physically go to the termination clinic, you just don't have to actually do the terminations- so a little confusing?	
MICHIGAN	St. Joseph Mercy Health System	Ypsilanti			0	0	0	0		17-'18 Season: No NFP residents, but PD said they could possibly accommodate '17-'18 Season: Best response here. PD was sincere and very very willing to work with you and brainstorm. Hospital does do tubals and prescribe BC on campus. No FP (family planning / abortion) elective as of now, but they are working on adding one.	
MICHIGAN	Henry Ford Hospital	Detroit									
MICHIGAN	St. John Hospital and Medical Center	Detroit								17-'18 Season: Bringing up NFP was EXTREMELY awkward. PD repeatedly made the point throughout the day that the Catholic identity of the hospital was its only draw back and that they didn't let that prevent them from doing anything, this program is really working on building up its FP (family planning / abortion) elective	
MICHIGAN	U of Michigan	Ann Arbor									
MICHIGAN	Oakwood Hospital	Dearborn									
MICHIGAN	Western Michigan University Homer Stryker	Kalamazoo								17-'18 Season: PD stated that being NFP-Only "won't affect your training", reasonably open to it, but also seemed very supportive of FP (family planning / abortion) opportunities for her residents.

MICHIGAN	St. Joseph Mercy -Oakland	Pontiac									
MINNESOTA	U of Minnesota	Minneapolis								2016: Listed on http://medicalmatins.blogspot.com/ as friendly to NFP-only residents from a historical applicant. Small program (theoretically dangerous b/c only 3 residents per year), least reputable in this city but possibly flexible since not highly academic. Low risk OB is prevalent.

PENNSYLVANIA	Reading Hospital and Medical Center	Reading								2010: "Not on staff in this program, and don't know director, but have just had a 3rd year OBGYN resident do an elective month with my group, who is in residency at Reading Hospital and Medical Center, Wyomissing, PA. It is a secular program, and the resident has been able to follow her conscience (no abortions, sterilizations, contraception) without undue hostility. Happy to provide contact info for the resident if she agrees and anyone interested." Mark Stegman MD FACOG	
PENNSYLVANIA	U of Pittsburgh	Pittsburgh	0	0	0					2015: Very pro-contraception. Termination and LARCs emphasized and important to training. NFP-only interviewee very politely told that decision not to prescribe was not compatible with what was considered mandatory.
